

# CYBER SECURITY FOR PARENTS

## Learn how you can protect your kids from online dangers ...

The internet creates new challenges as predators continue to target our unsuspecting children. As a parent, you are the best line of defense in keeping your kids safe and secure online.

Attend this no-cost presentation and you'll learn how cyber predators operate and how to best guard against them. Plus, learn social media safety tips and how to help your child avoid cyber-bullying. Take steps now to prevent cyber issues later. Please join us for this informative presentation.
