

**NORTHLAND PREPARATORY ACADEMY**  
**ALGEBRA II**  
**2019 – 2020**

**Contact Information:** Evan Ridley  
[eridley@northlandprep.org](mailto:eridley@northlandprep.org)

**Textbook:**

- Pearson: *Algebra 2: Common Core* (online text)

Students will receive access to the textbooks via [Pearsonsuccessnet.com](http://Pearsonsuccessnet.com)

**Required Materials:**

- 3-Ring Binder with Dividers
- Pencils
- Lined Loose Leaf Paper
- Graphing Paper
- Red Pens
- Ruler
- Pack of Expo Markers (to be turned in)
- Graphing Calculator (preferably TI-83 or TI-84)

**Classroom Supplies (Any help would be appreciated!!):**

- Tissues
- Disinfecting Wipes
- Extra Classroom Materials (pencils, pens, markers, colored pencils, lined paper, colored paper etc.)

**Grades:**

Your grades will be calculated on a point-by-point basis. The actual exact point values may vary but the assignments will be in the following range:

Tests: 100 points

Quizzes: 30 points

Daily quizzes: 3-5 points

Homework: 3 points

Projects/notebook checks/other: points vary

**Grading Scale:** 90% to 100% A  
80% to 89.9% B  
70% to 79.9% C  
60% to 69.9% D  
Below 60% F

**Classroom Rules:**

Along with the rules and regulations put in place by NPA,

- Be courteous and respectful to others.
- Make effective use of every minute of every class period
- Cell phones may only be used if I say they can be. Otherwise, if a cell phone is seen for any reason, it will be taken away with no negotiation. Cell phones may not be used as calculators.
- No Cheating. If you are caught cheating, you will receive a zero for the assignment and be referred to the Dean of Students.

### **Athletes, Students in Clubs, and Field Trips:**

It is common for students who are absent due to extra-curricular events to see a drastic change in their grades. For this reason, any student who will be gone from my class for athletics, clubs, or other field trips must meet with me before their absence to determine what they will be missing and make arrangements as to when homework will be due. Unless other plans are made **before** the absence, students are expected to have their missed notes copied, and both homework assignments completed (the homework that was due the missed day as well as the homework assigned the day they were absent). It is the student's responsibility to come make arrangements with me if this will not work. Students missing quizzes or tests need to meet with me before their absence to determine a time to make up the quiz or test.

The first place to check if you know you will be missing class is my website ([northlandprep.org/teacher/ridley-evan](http://northlandprep.org/teacher/ridley-evan)). I will keep this up to date with guided notes, lecture slides, and homework assignments for every day of class.

### **Absences:**

Active class participation and preparation in activities and discussions are required components of this course. If you know of an upcoming absence, please communicate with me prior to missing class. Students may also check my website to get the daily assignments, homework, lecture slides, and missed notes. You will benefit immensely if you return from an absence prepared for the next day of class.

### **Homework:**

You will be assigned homework nearly every class period. Homework will always be posted on my website which can be accessed on the NPA website. Homework will be reviewed for completion the following class period. Homework can be turned in late only for 1 day after it is due for half credit.

Part of your homework is TO CHECK and CORRECT YOUR ANSWERS. All assignments and answer keys will be posted on my website which can be accessed on the NPA website. **Full credit will not be given if you have not checked your work.**

Late homework due to an excused absence will be given the same number of days as were missed to be completed.

You will be assigned homework nearly every class period. Homework will always be posted on my website which can be accessed on the NPA website. Homework will be reviewed for completion the following class period.

The answers to the homework will often times be posted on my website. You **MUST** check your answers before coming to class. As proof that you checked your answers you have to grade the **homework in red pen** and **write the correct answer next to the problem**. If you do not check your answers your homework is not considered to be completed, and you will be asked to come in during lunch or after school to check the answers.

### **Quizzes/Tests:**

All students will have the option to retake any test during the year (excluding midterms and final exams). In order to be eligible to retake any test, the student must first turn in test corrections, talk with me during office hours, and come to an additional review session. The cut off for retaking any test will be 7 calendar days after the test is initially returned.

Please be sure to be present on test and quiz days. It is very difficult for me to get quizzes back in a timely fashion when I have to wait on students taking assessments late.

Students who are absent on the day of a test or quiz will be expected to take the quiz within a reasonable amount of time. Test or quizzes missed due to an unexcused absence will result in a zero.

### **Family Link:**

Grades will be updated on family link in a timely manner. Students and parents are encouraged to monitor progress often to maintain a true understanding of the student's progress in the class.

**Extra Help:**

Students who are having difficulty with the lessons or with the homework should contact me **immediately** for extra help. I will be available before school and after school most days. Since quizzes and tests are worth 80% of your grade, it is in your best interest to see me before you take quizzes and tests if you are having any difficulty at all. Don't wait until the last minute to get help!

Students are also encouraged to take advantage of the Fun Math Hour and/or community tutoring and study group programs whenever possible.

*I reserve the right to make additions, deletions, and modifications to the syllabus and course requirements with reasonable notifications during class and as posted on my NPA webpage.*

**NORTHLAND PREPARATORY ACADEMY  
ALGEBRA I  
2018 – 2019**

Dear Parents,

My name is Evan Ridley and I will be your student's math teacher. I am very excited to start this school year. I am glad to have the opportunity to teach your children at such a great school.

Be assured that I will work diligently to provide your child with a thorough understanding of the subject matter. In order for your child to thrive in their studies it is not only imperative that they are present in my class as much as possible, but also that they have a support system at home. Along with a structured "at home" educational extension it is very important for there to be an open line of communication between parents and teachers. Please do not hesitate to contact me with any question you have in regards to your child's progress in my class.

It is also strongly encouraged that your student come and see me whenever they feel they may need further explanation or clarification on a topic. I am always willing to help.

A copy of the syllabus will be posted at [northlandprep.org/teacher/ridley-evan](http://northlandprep.org/teacher/ridley-evan). Should you have any questions regarding class policies please review the syllabus and feel free to contact me at [eridley@northlandprep.org](mailto:eridley@northlandprep.org).

I look forward to meeting you!

I have read and understand the syllabus for Mr. Ridley's Algebra I 2019-2020 class.
