

Fourth Street Reconstruction

Solier Avenue Closure

As part of the ongoing Fourth St Reconstruction project, Soliere Avenue will be closed at the Fourth Street intersection starting Friday, March 19th, 2021. Fourth Street will remain open and a Soliere Avenue detour will be posted. See accompanying diagram. The closure of Soliere Avenue is anticipated to last for approximately three (3) weeks. The Fourth Street Reconstruction project contractor will use the closure to install new waterlines and storm drains, rebuild curbs and sidewalks, install infrastructure for the new traffic signals, and install a bottom layer of asphalt pavement. Also, on Friday, March 19th, 2021 a traffic shift will occur on Fourth Street, switching traffic onto the west side of Fourth Street as project work will continue to install waterlines, sidewalks, and Stormwater infrastructure on the east side of Fourth Street. Any project related comments or concerns should be directed to Jeremy DeGeyter, Capital Improvements Project Manager at 928-213-2706 or at jdegeyter@flagstaffaz.gov.
