

Use GuideSafe™ Healthcheck to gain entry to NPA

GuideSafe™ Healthcheck will help us all return to campus safely and help our community beat COVID19. Before returning to campus, all students, faculty and staff must complete GuideSafe™ Healthcheck, a web-based COVID-19 assessment tool that assesses existence of any current COVID-19-related symptoms, exposure history, and testing history.

Make your check-in quick and easy!

Method 1: Pin GuideSafe™ Healthcheck to your phone's home screen.

- **iPhone/iPad:** open <https://healthcheck.staysafetogether.org/210> in your browser, tap the share icon at the bottom, click “Add to Home Screen” from the menu.
- **Android:** open <https://healthcheck.staysafetogether.org/210> in your browser, click on the three dots in the top right menu, select “Add to Home Screen” from the menu.

Method 2: Download the GuideSafe™ App to your phone.

- **Step 1:** Download the GuideSafe™ Exposure Notification App.
- **Step 2:** Log in to the system. If you have tested positive for COVID-19, you can choose to report it.
- Event Passport helps us manage large groups and limit further exposure to COVID-19. Let's stay safe together.

Event Passport for Entry

Students and staff complete GuideSafe™ [NPA HealthCheck](#) a COVID-19 assessment tool, prior to coming to campus.

Event Passport issues daily clearance to campus based on a proprietary COVID-19 risk algorithm.

Each user is assigned a unique passport number indicating their status of “Clear” or “Not Clear” for the school day. You may also use a computer and take a photo of your entry passport.

Together, we can return to a healthy and safe campus

No location data is ever stored or exchanged, and your personal information is never shared. The GuideSafe™ solution has been fully vetted by Legal, HR and the Institutional Review Board at UAB, the 4th largest academic medical center in the United States.
