2. Once you log in, you should be directed to a page that looks like below. This page may ask for a phone number, but it should not be required.

### NPA Healthcheck

Before returning, you must complete NPA Healthcheck, a COVID-19 assessment tool. NPA Healthcheck will help us all return to campus safely and help our community beat COVID-19.

Please confirm your phone number.

3. Answer the question prompts appropriately. After the third prompt, click on “Submit” (boxed below in red)

4. Once you have submitted your Health Check, the system will provide a notice detailing your exposure risk (shown on right).

5. Click on the “Get my Passport” button (boxed to the right in red) which will generate a dated single-use passport that is good for that day use and states your name.
  - a. To print this, you may hold the “Control” button and the “P” button at the same time
  - b. This passport is required to enter any building on campus every time you need to enter/re-enter.
